1. Basis of Presentation

Silver Mountain Mines Inc. (the "Company"), formerly Rupestris Mines Inc., was incorporated on May 12, 2008 under the laws of Alberta and August 13, 2008 under the laws of British Columbia. The Company's principal business activity is the exploration of mineral properties in British Columbia. These financial statements were approved and authorized for issue on May 29, 2012 by the Board of Directors. The registered office of the Company is suite 301 1301 8th Street SW, Calgary, Alberta T2R 1B7.

The financial statements have been prepared on a going concern basis which contemplates the realization of assets and the payment of liabilities in the ordinary course of business. Should the Company be unable to continue as a going concern, it may be unable to realize the carrying value of its assets and meet its liabilities as they become due. For the period ended March 31, 2012, the Company incurred a total net loss and comprehensive loss of \$189,219 (March 31, 2011 - \$289,221) and as at March 31, 2012 had an accumulated deficit of \$1,475,663 (December 31, 2011 - \$1,286,444).

The Company is in the process of exploring its mineral property interests and has not yet determined whether the project contains mineral reserves that are economically recoverable. The Company's continuing operations and the underlying value and recoverability of the amounts shown for mineral properties is entirely dependent upon the existence of economically recoverable mineral reserves, the ability of the Company to obtain the necessary financing to complete the exploration and development of the mineral properties, obtaining the necessary permits to mine, and future profitable production or proceeds from the disposition of the mineral properties.

The financial statements are stated in Canadian dollars and have been prepared on a going concern basis, under the historical cost convention.

This condensed interim financial information for the three months ended March 31, 2011 have been prepared in accordance with IAS 34 "Interim financial reporting". The condensed interim financial information should be read in conjunction with the annual financial statements for the year ended December 31, 2011, which have been prepared in accordance with International Financial Reporting Standards ("IFRS").

2. Significant Accounting Policies

The accounting policies adopted are consistent with those of the previous financial year. Exceptional items are disclosed and described separately in the financial statements where it is necessary to do so to provide further understanding of the financial performance of the Company. There are material items of income or expense that have been shown separately due to the significance of their nature or amount.

Taxes on income in the interim periods are accrued using the tax rate that would be applicable to expected total annual profit or loss.

2. Significant Accounting Policies (*continued*)

The preparation of these interim financial statements requires management to make use of judgments, estimates and assumptions when transactions affecting the current accounting period cannot be finalized until future periods. These estimates will affect assets, liabilities and the disclosure of assets and liabilities at the date of the financial statements, as well as revenues and expenses during the reporting periods. Such estimates are based on informed judgments made by management.

Actual results could differ from those estimates as future confirming events occur. Significant assumptions and estimates about the future and other sources of estimation uncertainty that management has made at the financial position reporting date, that could result in a material adjustment to the carrying amount of assets and liabilities, in the event that actual results differ from assumptions made, relate to, but are not limited to, the estimates of environmental restoration obligation, useful life and salvage values of property and equipment, recovery of assets, income taxes, share-based compensation and warrant valuation.

(d) Stock options

The Company has a share purchase option plan under which employees, directors and key consultants and/or advisors are eligible to receive grants. Under the stock option plan, which was approved by the shareholders, the granted stock options vest to the grantee immediately and the grantee has the right to exercise those stock options for five years from the date of the granting and typically terminate 90 days following the termination of the optionee's employment or engagement. The maximum number of outstanding stock options under the plan is limited to 20% of the number of common shares outstanding. The number of stock options and the exercise price is set by the Company's Board of Directors based on the market value at the time of granting. Stock options granted and outstanding are as follows:

4. Share Capital and Reserves (continued)

(f) Loss per share

Basic loss per share amounts are calculated by dividing the total net loss and comprehensive loss for the period attributable to common shareholders of the Company by the weighted average number of common shares outstanding during the period.

The Company's dilutive instruments consist of stock options and warrants.

The basic and diluted loss per share amounts are the same as the stock options and warrants were excluded from the dilution calculation, as they were anti-dilutive.

The weighted average number of shares outstanding for purposes of calculating basic loss per share at March 31, 2012 was 35,120,598 (2011 – 34,280,598).

5. Related Party Transactions

During 2012, Daryn Gordon Professional Corporation, a privately held company owned by an officer of the Company, provided management services amounting to \$15,000 (2011 - \$15,000). Of this amount \$5,000 (2011 - nil) was due to the related party at the end of the reporting period. These amounts have been recorded in consulting services.

These transactions are in the normal course of operations and are measured at the exchange amount established and agreed to by the related parties.
